

Extraction Services Ltd understands that some of our processes could have a negative impact on the local environment.

We are acknowledging this and will be taking care to minimise this as much as we can in accordance to all the relevant environmental laws.

We want to educate and encourage our customers, suppliers and associates to follow the same code of practice.

We are ensuring a Duty of Care towards the local environment including wildlife.

**This policy lists our objectives which we will be committed to meeting:**

- Comply with all current and relevant environmental legislation.
  - Monitor company and vehicles energy usage.
  - Encourage and support local waste reduction.
- Continuously improve types of pollution levels reduced into the community.
